Califon - Vote for Your Health

By Councilman Tony Forrester, Ph.D., R.N.

Well, it's finally here – election year 2016 . . . and the election debates are well underway! Perhaps, in your workplace, school, church, or just over your backyard fence, you have already been engaged in passionate conversations about the important political, policy and social issues being discussed by the candidates and others! Whatever your political beliefs, this is the time for community engagement!

Did you know that voting for your favorite candidate may also be a vote for your good health? It's true! Researchers say that expressing your right to vote may help promote good mental and physical health – and, the research evidence even indicates that some may benefit from voting more than others. For example, in a close election, you may get a greater sense of being able to actually make a difference just by voting. This sense of making a difference, in some ways, transforms the act of voting into one that is more like the act of political activism or even protest. When we feel that we are doing something that can make our lives better, we are benefitted psychologically.

Now, of course, simply voting won't improve our cholesterol level or lower our blood pressure, but part of overall good health is learning how we can empower ourselves so that we can exercise some control over things in our lives that really are under our control, like voting. Studies show that voting may reduce psychological stress and other mental health problems related to being economically, politically, or socially disadvantaged. Other studies have shown that being involved in our community, engaged in the political process, and voting can reduce the risk of future psychological problems, especially in those who have had problems with depression.

Our children and adolescents also benefit when we vote. They can discuss political issues and become more active, engaged citizens. Children who are more engaged in their community are less likely to experiment with risky behaviors, including drugs and violence. When parents and other adults vote and share their political views with young people, they model citizenship and the critical thinking and analytic decision-making that we encourage in young people growing up in our community.

So, Califon neighbors, let's engage in our community, discuss the compelling issues of the day and . . . get out there and vote!

Here's to a happy, healthy 2016!

Annual Christmas Tree Lighting a Big Success!

This year the weather was beautiful and Santa was able to make it down to the Califon Train Station to meet with all the boys and girls in Califon. Laughter could be heard Down Main Street as the "Califon Kids" told Santa what gifts they were hoping to get this holiday season.

Residents enjoyed the tree lighting this year thanks to Drew who again generously donated the tree. If you weren't able to come down for the lighting, make sure you check it out when you are out and about in town. It is located in the lot between Bex Kitchen and the Main St Frame Shop.

The Recreation Committee continues to provide great memories for the kids and adults of Califon by continuing to work hard to make these events happen.

2015 - Reasons To Be Thankful

By Mayor Charles Daniel

This past year can best be described as turbulent, with the Califon Bridge Resurfacing project, the Academy Street/Main Street Repaving project, and the Main Street Stormwater Construction project; each improvements to the Borough's infrastructure. We have all been impacted, through traffic delays, business disruptions and construction noise. I thank you for your patience and understanding. We are almost finished.

Many people, groups and committees have contributed to the 2015 Califon experience, and for them I am truly grateful. Just a few of the outstanding contributions, as well as events held, have been:

- The Main Street Stormwater Project Management Team – Borough Clerk Laura Eidsvaag, Councilman Mike Medea, and Engineer Kelly Kimiecik – who have committed an exhausting amount of hours to move this project forward. This project has taken over 6 years to complete. We're al-

most there!

- The Recreation Committee, led by Jason Beard, who organized an incredibly successful (and fun) Main Street Fair. This event has grown in attendance over the past few years and we look forward to next year's event!
- The Memorial Day Celebration, led by Councilwoman Megan Riccio, who continued our tradition of a 'big league' celebration with a 'traditional' small town feel.
- The Califon Historic Preservation Commission, led by Rich Baggstrom, whose purpose is to assess building improvement projects in Califon's historic district and streamline the approval process. It's working!
- The Planning Board, led by Bruce Morrow, whose analysis and recommendations concerning zoning districts and impervious coverage will lead to a more equitable plan for impervious coverage requirements. Progress!
- The front office – Borough Clerk Laura Eidsvaag, Deputy Clerk Karen Mastro, Tax Collector Amy Monahan, CFO Kevin Lifer, Tax Assessor Eloise Hagaman, and Planning Board Secretary Barbara Margolese – for running the 'day to day' activities of the Borough. Amazing!
- Our public safety team - the Califon Fire Department, the Califon First Aid Squad, the Washington Township Police Department, and Beth Wolfmayer, our Emergency Management Coordinator – for providing a close watch over our Borough. Excellent service!
- Our school crossing guards – Marlene Dudek & Clayton Huff - for keeping our children safe through all kinds of weather. Especially, for caring.
- The Califon Borough Council – Kathy DeBlasio, Meg Riccio, Gill Smith, Mike Medea, Tony Forrester and Patrick Farmer – for your commitment and perseverance throughout the year. I am very fortunate to have a Council that respects each other and works cohesively together.

Of course, there are others, such as the participants and organizers of the River Clean Up Day, as well the carolers and musicians of the Christmas Tree Lighting ceremony. Because of the volunteerism, dedication and perseverance of the people and groups mentioned above, as well as those not mentioned because of my faulty memory, Califon is truly a wonderful place to live. My sincerest thanks to all of you.

My sincerest wishes to you for a safe and happy holiday season!
Mayor Charles J. Daniel

Upcoming Events at Califon UMC

Upcoming Sermon Series and Bible Study

The God We Can Know- This Lenten sermon and Bible study series will look at the six "I Am" statements of Jesus found in the Gospel of John. One by one, Jesus' statements grab our imagination and reveal more about his identity and purpose. These significant yet ordinary images (bread, light, shepherd, vine, and more) give us insightful ways to experience Jesus and point us to a God who wants to be known. This series will help you find and form an answer to the most essential question in the Christian faith, "Who do you say I am?" *Sermon series and Bible study begin Sunday, February 14, 2016.*

Reflections: A Midweek Service of Holy Communion

A new worship opportunity is coming to Califon United Methodist Church. During this approximately 30 minute gathering, we will reflect on God and God will be reflected to us through prayer, the reading of Scripture, and the celebration of Holy Communion. *Reflections* will be held on the 1st and 3rd Tuesday evening of every month, with our first service planned for February 2, 2016. All are welcome to join us for this new worship experience.

Visit our website, www.califonumc.org to hear recent sermons and discover everything going on at our church, including new worship opportunities that are in the works!
