#### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Borough Council
Borough of Califon
P.O. Box 368
County of Hunterdon, Califon, New Jersey 07830

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements-regulatory basis, which comprise the comparative balance sheets-regulatory basis of the various funds of the Borough of Califon, County of Hunterdon, State of New Jersey (the "Borough"), as of December 31, 2021 and 2020, and the related comparative statements of operations and changes in fund balance-regulatory basis for the years then ended, and the related statement of revenues-regulatory basis, and statement of expenditures-regulatory basis of the various funds, and the related notes to the financial statements for the year ended December 31, 2021, which collectively comprise the Borough's basic financial statements listed in the table of contents.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements-regulatory basis referred to above present fairly, in all material respects, the financial position-regulatory basis of the various funds of the Borough, as of December 31, 2021 and 2020, and the results of operations and changes in fund balance-regulatory basis of such funds for the years then ended and the statement of revenues-regulatory basis and statement of expenditures-regulatory basis of the various funds for the years then ended, in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note 1.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2021 and 2020, or the results of its operations and changes in its fund balances for the years then ended.

-Continued-

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, the Borough prepares its financial statements in conformity with regulatory basis accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

-Continued-

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements-regulatory basis. The supplementary information listed in the table of contents is presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and is not a required part of the basic financial statements-regulatory basis.

The supplementary information exhibits are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements-regulatory basis. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements-regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements-regulatory basis, or to the basic financial statements-regulatory basis themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2022, on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control over financial reporting and compliance.

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

GASB Statement No.14 established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The Division requires the financial statements of the Borough to be reported separately.

The financial statements of the Borough of Califon include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough, as The financial statements of the Borough do not include the operations of the Board of Education.

#### **B.** Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes fund types and account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The accounting policies of the Borough of Califon conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Califon accounts for its financial transactions through the following separate funds, which differ from the fund structure required by GAAP.

#### **Current Fund**

Resources and expenditures for governmental operations of a general nature, including State grants for operations.

#### **Trust Funds**

Records the receipts, disbursement and custodianship of monies in accordance with the purpose for which each account was established.

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **B.** Description of Funds (Continued)

#### **General Capital Fund**

The receipts and disbursement of funds for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund. General bonds and notes payable are recorded in this fund offset by deferred charges to future taxation.

#### **Public Assistance Fund**

Receipt and disbursements of funds that provide assistance to certain residents of the Borough pursuant to the provisions of Title 44 of New Jersey statutes.

#### **General Fixed Assets Account Group**

To account for all fixed assets of the Borough. The Borough's infrastructure is not reported in the group.

#### C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant policies in New Jersey follow.

A modified accrual basis of accounting is followed with minor exceptions.

Revenues—are recorded as received in cash except for certain amounts which are due from other governmental units. Receipts from State grants are realized as revenue when anticipated in the Borough budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough which are susceptible of accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. Basis of Accounting (Continued)

**Expenditures**—are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body.

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

**Property** Tax Revenue--Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, Open Space and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1.

The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally.

If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid to the County by the Township quarterly on February 15, May 15, August 15 and November 15. The Open Space Levy is paid quarterly to the Township's other trust funds on February 15, May 15, August 15 and November 15.

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Basis of Accounting (Continued)

When unpaid taxes or any municipal lien, or part thereof, on real property remains in arrears after the eleventh day of the eleventh month in the year in which they are due, the collector in the municipality shall, subject to provisions of the New Jersey Statutes, enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Township.

In accordance with the accounting Principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP required tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

<u>Deferred School Taxes</u>--A portion of the school taxes collected at December 31 relating to the period January 1 to June 30 of the subsequent year have been included in fund balance. GAAP requires such revenue to be deferred and recognized in the accounting period when it becomes susceptible to accrual.

<u>Foreclosed</u> <u>Property</u>--Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

<u>Interfunds</u>--Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories</u> of <u>Supplies</u>--The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

<u>General Fixed Assets</u>--In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the municipality develops a fixed asset accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Basis of Accounting (Continued)

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value.

No depreciation is to be provided for in the financial statements. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

<u>Budget and Budgetary Procedures</u>—The foundation of the New Jersey local finance system is the annual cash basis budget required under the Local Budget Law (N.J.S.A.40A:4-1, et seq.). Every local unit must adopt a budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed budget must be certified by the Director of the Division ("Director") prior to final adoption. The normal budget calendar begins early in the fiscal year with introduction, public advertisement and after state approval, budget adoption. The cash basis for revenues and budgetary basis for expenditures is the budget basis of accounting.

The Borough is not required to adopt budgets for the following funds:

General Capital Fund Public Assistance Fund Trust fund

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption, must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board, may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality.

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Basis of Accounting (Continued)

During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Government Body. Expenditures may not legally exceed budgeted appropriations at the line item level.

**Expenditures**—Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations at December 31, are reported as expenditures through the establishment of appropriations reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

<u>Tax Appeals and Other Contingent Losses</u>—Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

<u>Deferred Charges to Future Taxation Funded and Unfunded</u>--Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A.40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

<u>Comparative</u> <u>Data</u> - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the municipality's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

<u>Use of Estimates</u>--The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

#### Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Basis of Accounting (Continued)

<u>Departures from Generally Accepted Accounting Principles</u>--The accounting principles and practices followed by the Borough differ generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

- Taxes and other receivables are fully reserved.
- Interfund receivables in the Current Fund are fully reserved.
- Unexpended and uncommitted appropriations are reflected as expenditures.
- Overexpended appropriations and emergency appropriations are deferred to the succeeding years' operations.
- Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.
- Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated

It was not practicable to determine the effect of such difference.

<u>Regulatory-Basis</u> <u>Financial</u> <u>Statements</u>—The GASB Codification also defines the financial statements of a governmental unit to be presented to be in accordance with GAAP. The Borough of Califon presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

#### **Note 2: CASH AND CASH EQUIVALENTS**

#### **Deposits:**

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey, which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

#### Note 2: CASH AND CASH EQUIVALENTS (Continued)

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Pursuant to GASB Statement No. 40, "Deposit and Investment Risk Disclosures" ("GASB 40"), the municipality's accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the municipality would not be able to recover the value of its deposits or investment). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized or collateralized with securities held by the financial institution's trust department or agent but not in the government's name. At December 31, 2021, all of the municipality's deposits were collateralized by securities held in its name and, accordingly, not exposed to custodial credit risk. The municipality does not have a policy for custodial credit risk.

As of December 31, 2021, cash and cash equivalents of the municipality consisted of the following:

		<u>Total</u>	
Checking	\$ 2,217,601 \$ 2,217,601	<u>\$</u>	2,217,601 2,217,601
	<del>+ 2,217,001</del>	Ψ	2,217,001

The carrying amount of the municipality's cash and cash equivalents at December 31, 2021, was \$2,217,601 and the bank balance was \$2,231,417. All bank balances were covered by federal depository insurance and/or covered by a collateral pool maintained by the banks as required by New Jersey statutes. Of these bank balances, \$250,000 was covered by federal depository insurances and \$1,981,417 was covered by collateral pool.

#### **Note 3: LONG-TERM DEBT**

The Local Bond Law governs the issuance of bonds and notes to finance general municipal expenditures. All bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued by temporarily finance capital projects, must be paid off within ten years or retired by issuance of bonds.

The Borough debt is summarized as follows:

#### **Summary of Municipal Debt**

Issued		YEAR <u>2021</u>	YEAR 2020		YEAR 2019
General:					
Bonds and Notes	\$	1,687,415	\$ 1,802,264	\$	1,187,575
Total Deductions		NONE	 NONE	_	NONE
Net Debt Issued	\$	1,687,415	\$ 1,802,264	\$	1,187,575
Authorized But Not Issued					
Total Authoirzed But Not Issued	\$	466,511	\$ 66,511	\$	766,511
Net Bonds and Notes Issued and Authorized But Not Issued	<u>\$</u>	2,153,926	\$ 1,868,775	<u>\$</u>	1,954,086

#### **Summary of Statutory Debt Condition - Annual Debt Statement**

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the Annual Debt Statement and indicates a statutory net debt of 1.414%.

	Gross Debt	<b>Deductions</b>	Net Debt
Local School District Debt	None	None	None
Regional School District Debt	136,784	136,784	-
General Debt	2,153,926		2,153,926
	\$ 2,290,710	\$ 136,784	\$ 2,153,926

Net Debt \$ 2,153,926 Divided by Equalized Valuation Basis per N.J.S.A. 40A:2-2 as amended, \$ 152,343,206 = 1.414%

#### **Note 3: LONG-TERM DEBT - (Continued)**

#### Borrowing Power Under N.J.S.A. 40A:2-6 As Amended

3 1/2% of Equalized Valuation Basis (Municipal)	\$ 5,332,012
Net Debt	2,153,926
Remaining Borrowing Power	\$ 3,178,086

#### **General Obligation Loans**

General Obligation Loan-Main Street Storm Water Management System-dated May 26, 2016 with the State of New Jersey, Department of Environmental Protection, New Jersey Environmental Infrastructure Trust Financing Program in the original amount of \$1,018,949. This loan is payable in semi-annual installments ranging from \$17,270 to \$34,541 through August 1, 2035. This loan is an interest free loan. The remaining balance as of December 31, 2021, was \$695,815. Outstanding loan principal and interest is paid from the Current Fund budget.

General Obligation Loan-Main Street Storm Water Management System-dated May 26, 2016 with the State of New Jersey, Department of Environmental Protection, New Jersey Environmental Infrastructure Trust Financing Program in the original amount of \$325,000. This loan is payable in annual principal installments ranging from \$10,000 to \$20,000 through August 1, 2035. Interest is calculated at 2.0% - 5.00% and is payable in semi-annual installments. The remaining balance as of December 31, 2021, was \$260,000. Outstanding loan principal and interest is paid from the Current Fund budget.

#### **Bond Anticipation Notes**

The Borough has outstanding at December 31, 2021, bond anticipation notes in the amount of \$731,600 payable to Amboy Bank. These notes mature on March 30, 2022. The interest rate on the notes are 0.54% per annum. Principal and interest on this note is paid from the current fund budget.

	Debt
	Outstanding
General Obligation Loans Above	\$ 955,815
Bond Anticipation Notes Above	731,600
Total Debt Issued and Outstanding	\$ 1,687,415

#### **Note 3: LONG-TERM DEBT - (Continued)**

#### **B.** Debt Service Requirements:

Debt Service requirements on loans payable at December 31, 2021, is as follows:

Year Ending December 31,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 66,811	\$ 8,325	\$ 75,136
2023	66,811	7,576	74,387
2024	66,811	6,825	73,636
2025	66,811	6,225	73,036
2026	66,811	5,625	72,436
Thereafter	621,760	24,525	646,285
	\$ 955,815	\$ 59,101	\$ 1,014,916

#### **Note 4: GENERAL FIXED ASSETS**

The following is a summary of changes in the general fixed assets:

	Balance 1/1/21	Additions	Adjustments/ Deletions		Balance 12/31/21
	1/1/21	Additions	Detetions	_	12/31/21
Land	\$ 209,300			\$	209,300
Buildings	646,115				646,115
Equipment	33,072				33,072
	\$ 888,487	-	-	\$	888,487
	Balance		Adjustments/		Balance
	<u>1/1/20</u>	Additions	<u>Deletions</u>	<u>1</u>	12/31/20
Land	\$ 209,300			\$	209,300
Buildings	646,115				646,115
Equipment	33,072				33,072
	\$ 888,487			\$	888,487

#### Note 5: FUND BALANCES APPROPRIATED

Fund Balances at December 31, 2021, which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2022, were as follows:

Current Fund - \$120,000\*

<sup>\*</sup>Approved (Introduced) Budget

#### Note 6: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2021 there were no deferred charges that are required to be raised in succeeding budgets.

#### **Note 7: SCHOOL TAXES**

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Borough of Califon had elected in 1975 to raise local district school taxes on a calendar year basis.

Local District Tax and Regional High School Tax have been raised and liabilities deferred by statute (under provisions of C.63, P.L.1991, as amended), resulting in the school taxes payable set forth in the Current Fund liabilities as follows:

	TOTAL DEFERRED		DISTRICT OOL TAX	TOTAL DEFERRED		REGIO HIGH SCH	-	
	TAX	BALANCE	BALANCE	TAX	B	ALANCE	BA	ALANCE
	12/31/21	12/31/21	<u>12/31/20</u>	<u>12/31/20</u>		12/31/21	1	2/31/20
Balance of Tax		\$ 96,988	55,636		\$	575,090	\$	588,802
Deferred		<u>NONE</u>	<u>NONE</u>			215,567		215,567
Tax Payable		\$ 96,988	55,636		\$	359,523	\$	373,235
Tax Deferred	\$ 215,567			\$ 215,567		_	· <u></u>	

#### **Note 8: PENSION PLANS**

<u>Description of Plans</u> - All required employees of the municipality are covered by either the Public Employees' Retirement System (PERS) or the Defined Contribution Retirement Plan (DCRP) which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System. These reports may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, New Jersey, 08625 or on the internet at http://www.state.nj.us/treasury/pensions/financial-reports.shtml.

#### **Note 8: PENSION PLANS - (Continued)**

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school municipality, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

<u>Vesting and Benefit Provisions</u> - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

#### Tier Definition

- 1 Members who were enrolled prior to July 1,2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
- 4 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

The PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

<u>Contribution Requirements</u> - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 (PERS) requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS provides for employee contributions of 6.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in the PERS. The current PERS rate is 6.5% of covered payroll.

#### **Note 8: PENSION PLANS (Continued)**

<u>Summary of Significant Accounting Policies</u> - New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability or related deferred outflows or inflows of resources on their balance sheets, or related plan pension expense. However, N.J.A.C. 5:30-6.1(c)(2) requires municipalities and counties to disclose GASB 68 information in the Notes to the Financial Statements. Accordingly, the municipality's portion of the net pension liability, related outflows and inflows of resources, and pension expense are for disclosure purposes only and do not effect the municipality's regulatory basis fund balance, statement of revenues and expenditures, or operations. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense as required by GASB No. 68, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the municipality disclosed a liability of \$255,787 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This is a departure from generally accepted accounting principles, as the measurement date is to be no more than twelve months before the municipality's fiscal year end of December 31, 2021. The municipality's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2020 and 2019. At June 30, 2020, the municipality's proportion was 0.00157% which was a decrease of 0.00025% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2020, the municipality's portion of the plan's pension expense was \$8,179. At June 30, 2020, deferred outflows of resources and deferred inflows of resources for PERS relating to the municipality's proportionate share are from the following sources:

	$\mathbf{D}$	<u>eferred</u>	]	<u>Deferred</u>
	Out	flows of	<u>I</u> 1	nflows of
	Re	sources	<u> </u>	Resources
Differences between expected and actual experience	\$	4,657	\$	905
Changes of assumptions		8,298		107,101
Net difference between projected and actual earnings on pension plan investments		8,743		-
Changes in proportion and differences between municipality contributions				
and proportionate share of contributions		517		50,889
Total	\$	22,215	\$	158,895

#### **Note 8: PENSION PLANS (Continued)**

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense of the plan as follows:

	Year Ended June 30:
2021	\$50,830
2022	46,341
2023	26,483
2024	10,709
2025	<u>2,316</u>
Total	\$136,679

	6/30/2020	6/30/2021
Collective deferred outflows of resources	\$3,149,522,616	\$2,347,583,337
Collective deferred inflows of resources	7,645,087,574	7,849,949,467
Collective net pension liability (Non State - Local Group)	\$18,018,482,972	\$16,307,379,052
municipality's proportionate share of net pension liability	\$327,543	\$255,787
municipality's proportion %	0.00181782%	0.00156854%

Actuarial assumptions - The collective total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions:

Inflation: 2.75% Price, 3.25% Wage

Salary Increases:

Through 2026 2.00%-6.00% based on years of service Therafter 3.00%-7.00% based on years of service

Investment Rate of Return: 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99. 7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2019.

#### **Note 8: PENSION PLANS (Continued)**

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

		<b>Long-Term Expected Real</b>
Asset Class	<b>Target Allocation</b>	Rate of Return
U.S. Equity	27.00%	7.71%
Non-U.S. develop markets equity	13.50%	8.57%
Emerging markets equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
Public High Yeild	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash equivalents	4.00%	50.00%
US Treasuries	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%

<u>Discount rate</u> - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

#### **Note 8: PENSION PLANS (Continued)**

<u>Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate</u> - The following presents the District's proportionate share of the net pension liability measured as of June 30, 2020, calculated using the discount rate as disclosed above, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

			<u>Current</u>		
	1%	<u>6 Decrease</u>	Discount Rate	1%	Increase
		(6.00%)	<u>(7.00%)</u>	(	8.00%)
Municipality's proportionate share of the net					
pension liability	\$	321,985	\$255,787	\$	199,616

<u>Pension plan fiduciary net position</u> - Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.nj.gov/treasury/pensions/financial-rprts-home.shtml.

<u>Defined Contribution Retirement Plan (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N. J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by state statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. The State Treasurer has the right under current law to make temporary reductions in member rates based on the existence of surplus plan assets in the retirement system; however statute also requires the return to the normal rate when such surplus pension assets no longer exist.

<u>Significant Legislation</u> - Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

### **Note 8: PENSION PLANS (Continued)**

Chapter 78's provisions impacting employee pension and health benefits include:

□ New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of ¼ of 1% for each month that the member is under age 65. □ The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members. □ The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. □ Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PES members will take place in July of each subsequent fiscal year.
□ The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law. □ New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78'sceffective date with a minimum contribution required to becat least 1.5% of salary. □ In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

### **Three-Year Trend Information for PERS**

	Annual	Percentage
Year	Pension	of APC
<u>Funding</u>	<u>Contribution</u>	<u>Paid</u>
2021	\$17,159	100%
2020	\$17,682	100%
2019	\$18,303	100%

#### **Note 9: OTHER POST EMPLOYMENT BENEFITS (OPEB)**

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired state employees and retired educational employees. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides employer paid health benefits to members of PERS and the Alternate Benefit Program (APB) who retired from a board of education or county college with 25 years of service (GASB Cod. Sec. 2300.106(g).

GASB Statement No. 75 requires certain disclosures relating to governmental entities obligations for other post-employment benefits (OPEB), which are post-employment benefits other than pensions. The Municipality does not provide post-employment benefits other than pension.

#### **Note 10: LEASES**

The Borough has not entered into any long-term lease agreements except for equipment which can be capitalized as installment purchases of fixed assets in accordance with Technical Accounting Directive No. 85-2.

#### **Note 11: ACCRUED SICK AND VACATION BENEFITS**

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the liability related to unused sick pay.

The Borough does not permit employees to annually accrue unused vacation time. In addition, all full-time salaried employees shall be entitled to a maximum of twelve (12) sick days per year and two (2) personal leave days with full salary paid for the day and that sick days cannot be accumulated. In accordance with New Jersey principles, any amounts are not reported as an expenditure or liability in the financial statements.

#### **Note 12: CONTINGENT LIABILITIES**

#### **GRANT PROGRAMS**

The Borough participated in a number of state assisted grant programs administered at the state level. These programs, exclusive of the single audit concept, can be subject to program compliance audits by the grantors or their representatives. Accordingly, the Borough's compliance with certain applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the Borough expects such amounts, if any, to be immaterial.

#### LITIGATION

There are pending lawsuits in which the Borough is involved. The municipal attorney estimates that the potential claims against the Borough not covered by insurance resulting from such litigation would not materially affect the financial statements of the Borough.

#### **Note 13: INTERFUND BALANCES**

Individual fund interfund receivable and payable balances. All interfund receivable and payable balances outstanding at the beginning of the fiscal period were fully liquidated during the fiscal period, with the following exceptions outstanding at December 31, 2021:

	DUE FROM	DUE TO
<u>FUND</u>	OTHER FUNDS	OTHER FUNDS
Current Fund	\$ 56,404	\$ 848,315
Federal and State Grants Fund	533,049	-
Animal Control Fund	-	3,486
Other Trust Fund	7,275	52,918
General Capital Fund	307,991	
	\$ 904,719	\$ 904,719

Cash Activity for the General Capital Fund is transacted through the current fund bank account, therefore an Interfund payable is established in the general capital fund to the General Capital Fund.

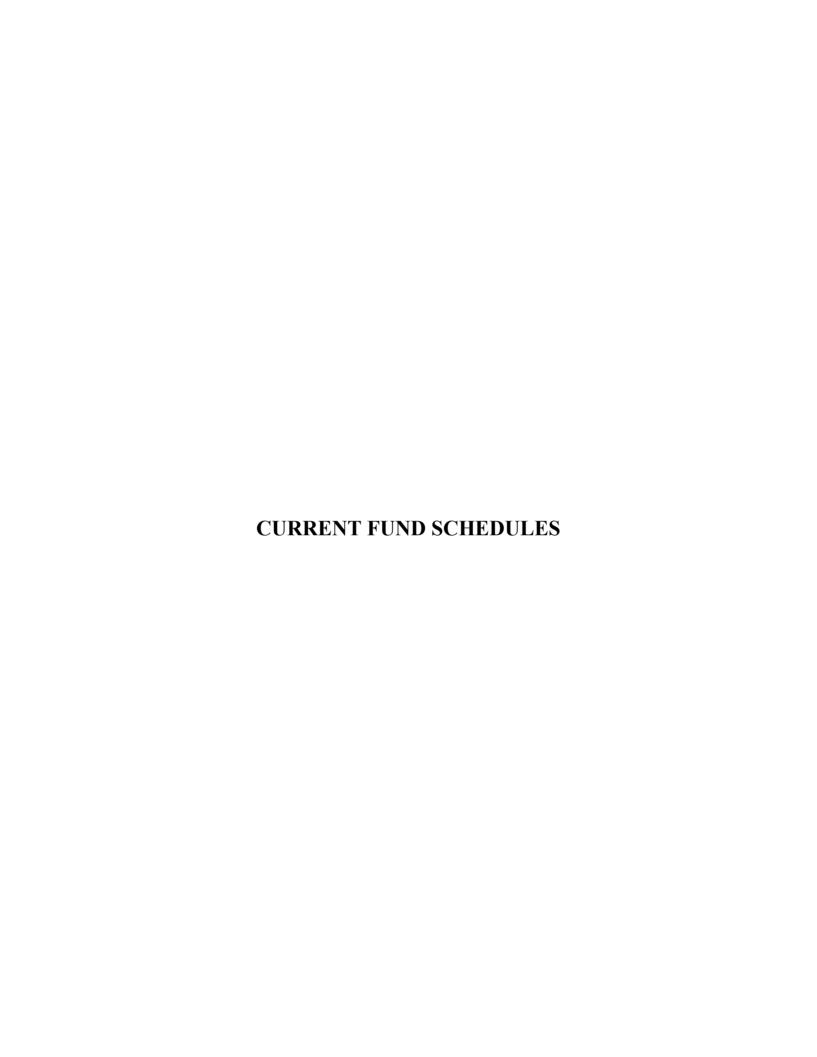

#### **Note 14: RISK FINANCING**

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage. There were no significant reductions in insurance coverage from coverage in the prior year.

#### **Note 15: TAX ABATEMENTS**

As defined by the Governmental Accounting Standards Board (GASB), a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. The municipality has not entered into any tax abatement agreements.

## PART I I I SUPPLEMENTARY INFORMATION

## **General Comments**

Report on Internal Control over Financial Reporting and Compliance and Other Matters based on an Audit of Financial Statements Perfromed in Accordance with Government Auditing Standards

**Schedule of Federal/State Awads** 

**Status of Prior Audit Findings** 

**Schedule of Findings and Responses** 

## **GENERAL COMMENTS**

## **Scope of Audit**

The audit of the financial statements of the Borough of Califon, County of Hunterdon, New Jersey, as required by the Division of Local Government Services, covered the financial transactions of the Treasurer, Tax Collector, the activities of the Borough and the records of the various outside departments.

## **Contracts and Agreements Requiring Advertisement for Bids**

Effective April 17, 2000, N.J.S.A.40A:11-l et.seq (Local Public Contracts Law) was revised by P.L.1999,c.440 (originally known as Assembly Bill No. 3519). Rules and regulations pertaining to the amended law are to be promulgated by the Division of Local Government Services.

### N.J.S.A. 40A:11-3 is amended to read as follows:

- a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in the contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the governing body without public advertising for bids and bidding therefore, except that the governing body may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. (pending before the Legislature as section 15 of this bill) of section 9 of P.L.1971,c.198(C.40A:11-9) the governing body may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (i) of paragraph (a) of subsection (1) of Section 5 of P.L.1971, C.198(C.40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.
- c. Commencing in the fifth year after the year in which P.L.1999,c.440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.18A:18A-2(pending before the Legislature as section 50 of this bill), and shall round the adjustment to the nearest \$1,000. The Governor shall notify all municipal units of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.

N.J.S.A.40A:11-4 (as amended) states, "Every contract or agreement for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law."

Effective July 1, 2020, the bid threshold in accordance with N.J.S.A.40A:11-3(c) (as amended) is increased to \$44,000 for Qualified Purchasing Agents (QPA), and \$17,500 for units without QPA's.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township Counsel's opinion should be sought before a commitment is made.

The Minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.40A:11-5.

The system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not determine whether any clear-cut violations existed.

My examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory thresholds "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.40A:11-6.

### **Collection of Interest on Delinquent Taxes and Assessments**

The statute provides the method of authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body, on January 4, 2021, adopted the following resolution authorizing interest to be charged on delinquent taxes:

"Be It Resolved that pursuant to R.S.54:4-67, the Borough Council of the Borough of Califon, County of Hunterdon, and State of New Jersey, hereby fixes the rate of interest to be charged on all delinquent taxes for the year 2020 at the rate of eight (8) per cent per annum for the first \$1,500 and eighteen (18) per cent for amounts over \$1,500.

Be It Further Resolved, that notwithstanding the above provision, no interest shall be charged if payment of any quarterly installment is made within ten (10) days after the date upon which the same become payable according to the laws in such cases made and provided. If such payment is not made within the ten (10) days grace period, the above rate of interest shall run and accrue from the original due date of such taxes."

Under provisions of C.75, P.L. 1991 (amending N.J.S. 54:4-67), enacted March 28, 1991, the definition of tax delinquency was defined as the sum of all taxes and municipal charges due on a given parcel or property covering any number of quarters or years. In addition, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed six (6%) per cent of the amount of the delinquency.

The governing body, on January 4, 2021, adopted a resolution enabling the \$10,000 delinquency penalty provisions.

The audit of the Collector's records on a test basis indicated no differences between the amount of interest payable on delinquent tax payments, based on our calculations, and the amount of interest charged.

### **Delinquent Taxes and Tax Title Liens**

The delinquent taxes at December 31, 2021, include property taxes outstanding from the 2021 tax levy.

A tax sale was held in 2009 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	Number of Liens
2021	NONE
2020	NONE
2019	NONE

### **Verification of Delinquent Taxes and Other Charges**

Verification notices were mailed to confirm balances as of November 15, 2021. The items that were returned were compared to and are in agreement with the Borough's records. For items not returned, alternative procedures were performed.

A test verification of delinquent charges and current payments was made in accordance with verification procedures approved by the Division of Local Government Services. A summary of such verification is as follows:

## Type of Receivable - Real Property Tax Date of Circulars - November 15, 2021

			Total	
Verification	Request	Total No.	No. of	Total No.
<u>Type</u>	<u>Form</u>	of Items	Circular	Returned
2021 Property Tax	Positive	560	60	13
2021 Property Tax	Positive	560	60	13
2021 Delinquent Tax	Negative	218	25	6

## **Technical Accounting Directives**

During the calendar year 1984, the Division of Local Government Services initiated as part of the Single Audit Law, a planned revision of the Requirements of Audit to provide new accounting requirements mandated for most local government units. The revision to the Requirements of Audit and Accounting would be in order to improve fiscal accountability for all local governments, satisfy federal-state audit requirements and enhance the credibility for New Jersey municipal accounting practices with federal-state funding sources and bond rating agencies. The new requirements for most local units started January 1, 1986, unless exemption, based upon amount of federal aid received and population size, was formally secured. The Division in 1988 notified those exempted municipal units of a transition requirement for fully implementation of all accounting directives beginning in the 1989 fiscal periods. The identity and compliance status of the Borough of Califon to these new directives are as follows:

		FY 2021 Require	d
		<u>Implementation</u>	
	Requirement	Yes No	0
A.	General Ledger Accounting System	X	
B.	Encumbrance Accounting	X	
C.	Purchase Order System	X

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

The Honorable Mayor and Members of the Borough Council Borough of Califon P.O. Box 368 County of Hunterdon, New Jersey Califon, New Jersey 07830

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Governments Services, Department of Community Affairs, State of New Jersey, the regulatory-basis financial statements of the Borough of Califon in the County of Hunterdon, State of New Jersey, as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Borough of Califon's basic financial statements, and have issued our report thereon dated April 15, 2021, which indicated that the financial statements have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

## Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

-Continued-

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### BOROUGH OF CALIFON

## NOTES TO THE SCHEDULES OF FEDERAL AND STATE AWARDS DECEMBER 31, 2021

### **NOTE 1. GENERAL**

The accompanying Schedules of Expenditures of Federal and State Awards present the activity of all federal and state award programs of the Borough of Califon. The Borough of Califon is defined in Note 1 to the Borough's financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies, are included on the schedules of expenditures of federal and state awards.

### NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal and State Awards are presented using the modified accrual basis of accounting. The information in these schedules is presented in accordance with the requirements of the federal OMB Uniform Guidance, Audits of States, Local Governments and Nonprofit Organizations. However, these schedules were not subject to an audit in accordance with OMB Uniform Guidance or NJOMB Circular 15-08.

### NOTE 3. RELATIONSHIP TO THE FINANCIAL STATEMENTS

The accompanying Schedules of Expenditures of Federal and State Awards are presented using the modified accrual basis of accounting. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the financial statements.

STATUS OF PRIOR AUDIT FINDINGS

## STATUS OF PRIOR AUDIT FINDINGS

There were no prior year audit findings.

## SCHEDULE OF FINDINGS AND RESPONSES GENERAL FINDINGS

### **SCHEDULE OF FINDINGS AND RESPONSES**

## GENERAL FINDINGS YEAR ENDED DECEMBER 31, 2021

### Summary of Auditor's Results

The Borough prepares its financial statements in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles.

The audit did not disclose any material weaknesses in the internal controls of the Borough.

The audit did not disclose any noncompliance that is material to the financial statements of the Borough.

The Borough was not subject to the single audit provisions of Federal OMB Uniform Guidance or New Jersey OMB Circular NJOMB 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid for 2021 as grant expenditures were less than the single audit thresholds of \$750,000, identified in the Circulars.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted
