Volunteers Make Califon

On June 24th, various committees will be holding an open house event at Califon Island Park as they seek much needed new members. This event will be a great way for you to speak to committee members and find out what they do and how they impact our community.

Current members of each committee have shared why they are on those committees and the impact it has had on them.

Environmental Commission - Becky Pickens

I enjoy being part of the Environmental Commission for Califon because I believe it is important to protect and nurture the earth for our future generations. Every little project we take on as a commission is a step towards a more environmentally- conscious community and that is something that I want to be a part of.

Califon Rescue Squad - Paul Pennella

I can remember volunteering as a preteen. Then, when I was in high school, I was a member of Key Club. We would clean up parks, raise money for various charities, and help at our local food kitchen. Now, as a resident of Califon, volunteering on the Califon First Aid Squad allows me to continue my intrinsic love to give back with a twist of adrenaline!

Parks and Rec Committee - Barbara Baggstrom

I have been living in Califon for over 20 years and whether you are new to our beautiful town or an old timer it is so important to volunteer. It is a way to give back to your community, make new friends and enjoy Califon. The parks and Rec committee has a lot to offer starting with the Easter egg hunt and ending with the Christmas tree lighting.

Fire Company - Alex Kibler

I was inspired to join the Califon Fire Company at the age of 14 with my friend. It helped me build relationships in the fire company and within the community. I am thankful for the opportunity to learn and grow as I start fire school this summer.

Pollinator Garden

The Califon Environmental Commission was the recipient of the ANJEC 2022 Stewardship Grant which allowed them to plant a pollinator garden in Califon Island Park
